ACP Alternative Certification Program ☆☆☆☆☆☆☆☆

Alternative Certification is a program designed for college graduates who meet certain minimum criteria to obtain teacher certification through plans approved by the state of Texas.

Certification is achieved while a person is employed as a teacher of record, receiving a teacher's salary, and completing the State Board for Educator Certification approved program.

ACP is considered "alternative" route because it accomplishes certification outside the traditional university program setting.

- 3 blocks from the 59 South West Freeway.
- Exit: S. Gessner Rd.
- Make a U-turn at Birdwood Rd.
